Bowers & Wilkins

Home Theater System

The Latest and Best from both B&W and Yamaha. The improvements to the drive units in the new 600 Series make it possible, for the first time, to introduce a minimalist crossover to the range. The use of components that are fewer in number but higher in quality – handpicked in exhaustive listening tests – reduces the degradation of the signal significantly. So, whether you're enjoying hi-fi or home cinema, what you hear is that much closer to what was recorded. Listen to the system disappear to the degree you will find yourself enjoying music and movies like you've never heard before. The matching HTM-62 center channel offers the same outstanding performance as the 685's, enabling you to enjoy all the fine soft detail you miss in other brands. The B&W DM-686's are the perfect match for the rear effect speakers.. Also, late at night when everyone is sleeping you can still enjoy your new system at very soft levels. In the B&W 610 s subwoofer, the bass driver diaphragm is constructed from a rugged, finely-tuned mix of paper pulp, Kevlar® fibers and resin, which provides the stiffness needed to withstand the tremendous physical forces exerted by the voice coil and pressures inside the cabinet.

NEW! Yamaha AVENTAGE is a dramatic, inspired step forward in audio / video component design. AVENTAGE brings studio-grade sound and sophisticated video enhancements to the home as a result of unparalleled attention to detail in design, engineering and fabrication. Details that, at first glance, would not seem to affect the quality of sight, sound and control, when brought together within an AVENTAGE component, produce a work of visual and acoustic art.

FREE In-Home Consultation if you would like our advice and / or recommendations. We will also give you a bid for the wiring and installing your NEW system. Call or stop in and we'll set up an appointment to do so.

Warranties

Yamaha RX-A710 – three years parts & labor

B&W speakers – five year parts & labor

**B&W Subwoofer – 5 years parts and labor on the speaker and
3 years parts and labor on the amplifier**
